AEROCOM
METALS LIMITED

Aerospace & Commercial Metals

Aerocom Metals Limited is a steel stockholder supporting key areas of the **Aerospace** and **Motorsport** industries. Our specialty is **supplying materials that are not readily available**.

With over **60 years industry experience** between us, our knowledge of the market place is extensive. We will support £ million plus contracts to minimum order quantities with the same personal attention.

Aerocom Metal is committed to providing an efficient and quality assured service; we believe maintaining the trust and confidence of our customers and suppliers is essential.

Our philosophy is simple, we keep our promises.

PICK OUR BRAINS, WE'RE HERE TO HELP!

Aerocom Metal's rich history of experience and expertise has engineered a fantastic supply base from manufacturers to distributors.

We have carved new openings with manufacturers to ensure that there is always competition in the market place. This competition ensures there is a continuous supply of materials and prices are kept stable!

The following materials are available from stock, or on a short lead time from our suppliers:

AEROCOM METALS STOCK							
TUBE	CFS360 NBK	T45 (full stock available)			15CDV6		
	CFS3 BK	4130	2024	2014	NEEDLE TUBE		
	CFS5 NBK	6061	5052	6082	3AL2.5V	25CR4	
BAR	2014 (HE15)	EN14	EN16T	17/4	440C	7075	300M
